

INNOPROM

INTERNATIONAL
INDUSTRIAL
TRADE FAIR

INDUSTRIAL NET

July 11-14, 2016 • Ekaterinburg, Russia

BENEFITS OF PARTICIPATION IN INNOPROM

- Direct contacts with the global and Russian producers
- Effective business-communications
- Presentations of new manufactures and technologies for internationalization and sales growth
- International and inter-industrial networking
- Maximum coverage in the media

Signing agreements at the exhibition stand of Postec Corporation in the presence of Denis Manturov, Minister of Industry and Trade of the Russian Federation

Dmitry Medvedev, Prime Minister of Russian Federation, and Dmitry Pumpyansky, president and CEO of TMK and Sinara Group

MAIN INTERNATIONAL INDUSTRIAL TRADE FAIR IN RUSSIA

52 000

unique visitors*

14%

increase in attendance
as compared to 2014 level

95

official delegations from
70 countries

600

industrial companies
participants from all over
the world

RUB 30 bln.

declared amount of signed
contracts*

150

business program events

Dmitry Medvedev,
Prime Minister of the Russian Federation:

*«INNOPROM is the largest industrial trade fair which is held
in order to implement technological solutions»*

CHINA - PARTNER COUNTRY OF INNOPROM-2015

7 500 sq.m

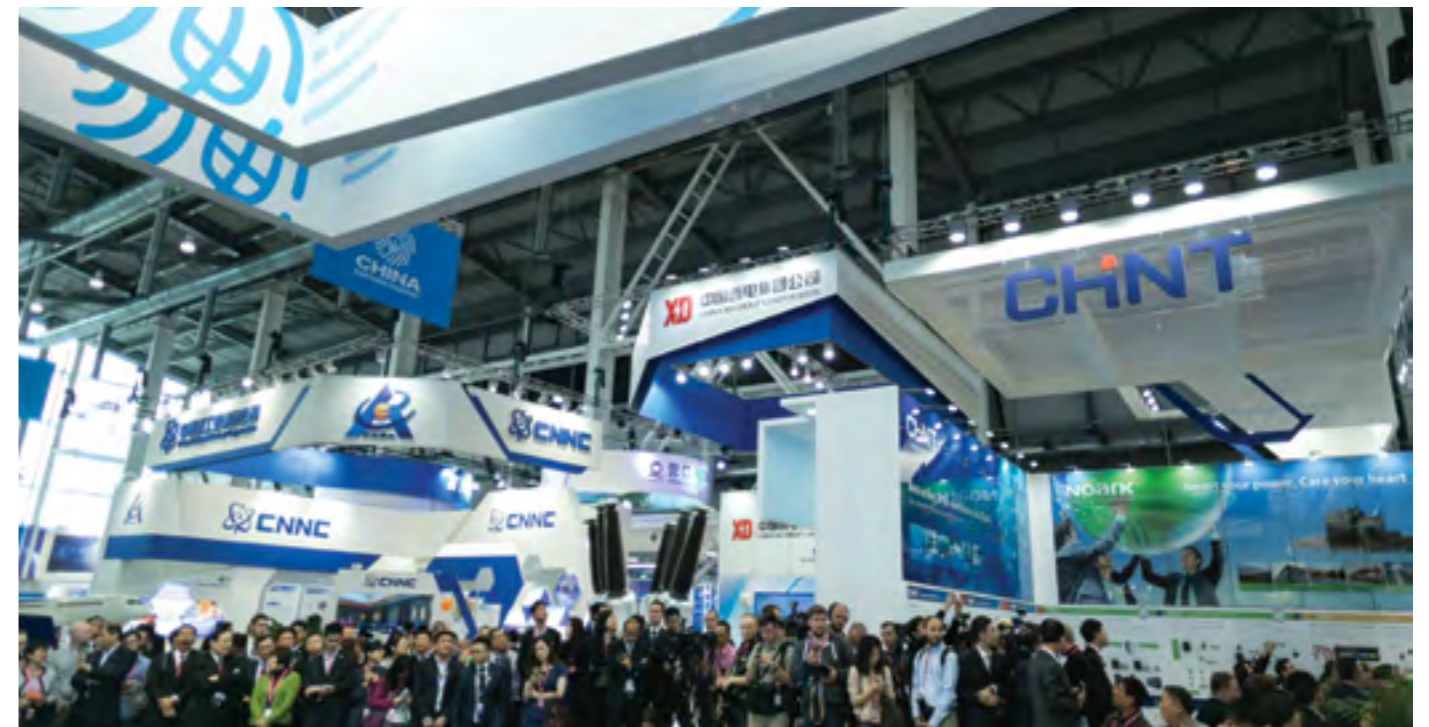

The People's Republic of China exhibition area

150

leading companies of Chinese economy in 33 joint exhibition stands

2 000

officials and businessmen from China

INNOPROM'S THEME FOR 2016 – INDUSTRIAL NET

- Sustainable integration of industrial production and data transfer based the Internet of Things (IoT) technology
- New manufacturing system architecture: equipment and devices, supply chains are connected at the software level
- International production cooperation: resources, production facilities and development centers dispersed across the world are combined in a single network
- New model of efficient manufacturing for traditional industries

INDIA – PARTNER COUNTRY OF INNOPROM-2016

FORMATS OF PARTICIPATION:

- Exhibition of Indian leading enterprises
- Business program
- Cultural program

**Anjali Pandey,
minister of the Embassy
of the Republic of India
in the Russian Federation:**

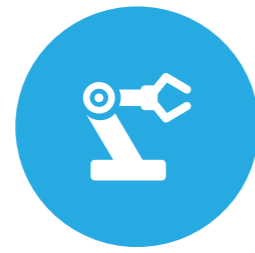

«INNOPROM may give a momentum to our business contacts. Indian companies are very interested in effective participation and forming long-term partnerships»

KEY EXHIBITION SECTIONS

Machine Building

Industrial Automation

Metropolitan Technologies

Technologies for Energy Sector

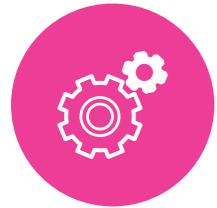

Equipment and technologies for material processing

Component manufacturing for machine building

MACHINE BUILDING

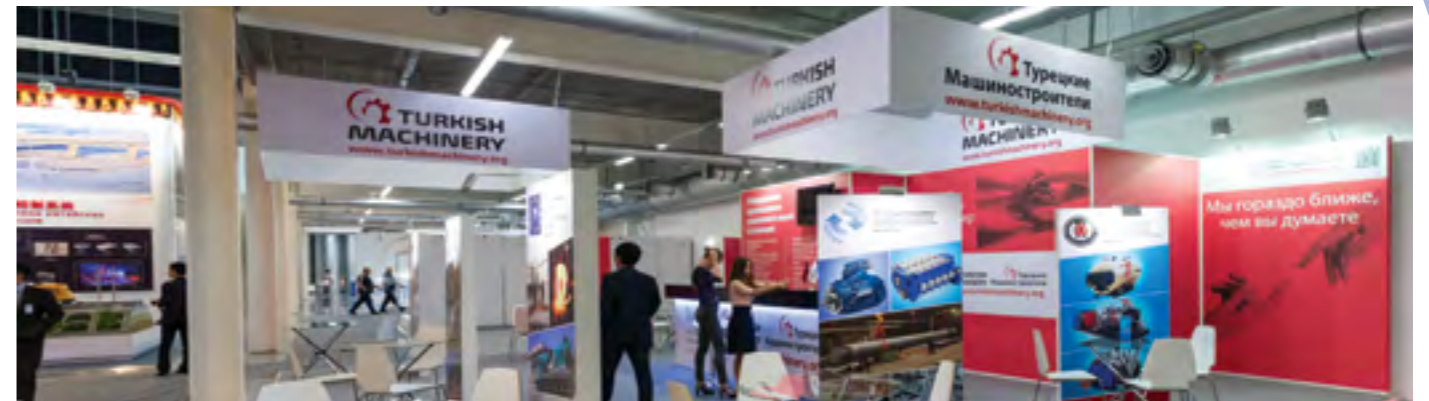

PARTICIPANTS:

Leading Russian and foreign machinery manufacturers and their component suppliers and customers.

THEMATIC SECTIONS:

- Aviation industry
- Ship building
- Elevating & transport machinery engineering
- Agricultural machinery
- Equipment for mining industry
- Automotive industry
- Equipment for metallurgy
- Instrument engineering
- Electrical engineering
- Tools for machine building
- Radio and electronic equipment
- Rocket and space industry

Round table «Prospects for the development of environmentally-friendly transport and a component parts resource»

COMPONENT MANUFACTURING FOR MACHINE BUILDING

PARTICIPANTS:

Manufacturers of components for heavy and medium machine building and instrument engineering.

THEMATIC SECTIONS:

- Metallurgical semi-finished products, forgings, stampings, castings, billets
- Steel and tube structures, wire products
- Glassware and technical ceramics, carbon parts
- Sealing parts, bearings
- Transmissions, clutches, brakes, lubrication equipment
- Electrical and mechanical drives, motors
- Compressors, pneumatic elements, air-handling equipment
- Refrigeration equipment
- Hydraulic elements and systems
- Valving, piping, pumps
- Electronic components

INDUSTRIAL AUTOMATION

PARTICIPANTS:

Vendors of cutting edge solutions in the field of industrial automation, i.e. software and hardware packages for automation of production infrastructure and resource management, industrial robotics, integrated systems, system integration technologies.

THEMATIC SECTIONS:

- Process automation
- Industrial enterprise automation
- Robotics and robotised systems
- Integrated systems
- Measurement, control, diagnostics
- Information and communication technologies in industry
- Automation hardware and software

Panel discussion «Robotics Technology in Russia: Problems and Development Prospects»

EQUIPMENT & TECHNOLOGIES FOR MATERIAL PROCESSING

PARTICIPANTS:

Manufacturers of equipment and technological solutions for natural and artificial materials processing: metal, wood, stone, glass and plastic, concrete.

THEMATIC SECTIONS:

- Foundry production
- Pressure shaping
- Welding equipment
- Related tools for material processing
- Machine tool equipment
- Recycling equipment
- Cutting equipment
- Presses
- Thermal processing of materials
- Related services
- Surface treatment

METROPOLITAN TECHNOLOGIES

PARTICIPANTS:

Vendors and consumers of innovative infrastructure solutions in residential and road construction, energy and water supply, as well as automation and ecology.

THEMATIC SECTIONS:

- Technologies for urban development
- Technologies for housing and communal services
- «Smart house» technologies
- Public services

Plenary session «How do cities get smarter?»

New two-seat all-season machine MC 130 from Kärcher

POWER ENGINEERING TECHNOLOGIES

PARTICIPANTS:

Vendors of equipment for heat and electricity generation, energy transmission, distribution and efficient energy consumption.

THEMATIC SECTIONS:

- Electrical engineering
- Power engineering, heat power engineering
- Electronics, Instrument-making

Round table «Energy efficiency in industry: from cost-effectiveness to energy efficiency»

BUSINESS PROGRAM

40

event partners – the main business unions and industrial companies of Russia and the world

500

speakers – top representatives of the global industries

600

negotiations in Contacts Exchange zone

150

discussions in 4 days

- **Bilateral meetings** of heads of Russian and foreign companies
- **Meetings of the Councils** under the Federal Ministries
- **Ministers and leading experts** from the countries of CIS, EEC, Asia, Africa, Europe and Latin America

Jan Mládek, minister of Industry and Trade of the Czech Republic, and Denis Manturov, minister of Industry and Trade of the Russian Federation, at the Russian-Czech Business Forum

Evgeny Kuyvashev, governor of Sverdlovsk region

Agreements were signed with Debora Giorgi, minister of Industry of Argentina

Veli-Matti Reinikkala, president of ABB Europe

Russian-African Business Forum

INNOPROM'S GRAND OPENING CEREMONY*

- Statements by heads of delegations of Russia and India
- 2 000 spectators – top figures of russian and foreign companies
- Technological show
- Evening reception

NATIONAL INDUSTRIAL AWARD INDUSTRIA

150

contender companies

5

finalists

1

winner

- **Government award of Russia**
- **Powerful stimulus** for development of groundbreaking industrial technologies

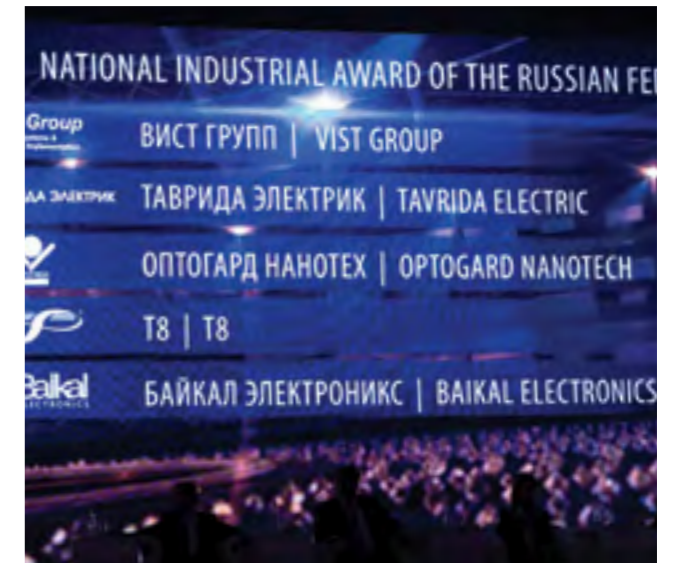

Since 2014 the «INDUSTRIA» award is annually awarded at INNOPROM

Dmitry Medvedev handed over the figurine to Vladimir Chernyshev, CEO of «Tavrida Electric» — the winner 2015

In 2015 the award acquired the status of the Government Award of the Russian Federation

MINISTRY OF INDUSTRY AND TRADE RUSSIA

ADVANCED SOLUTIONS FOR INDUSTRIAL POLICY

40

Russian enterprises
at one stand

30

Events of business program attended by the senior
officers of the Ministry of industry and trade

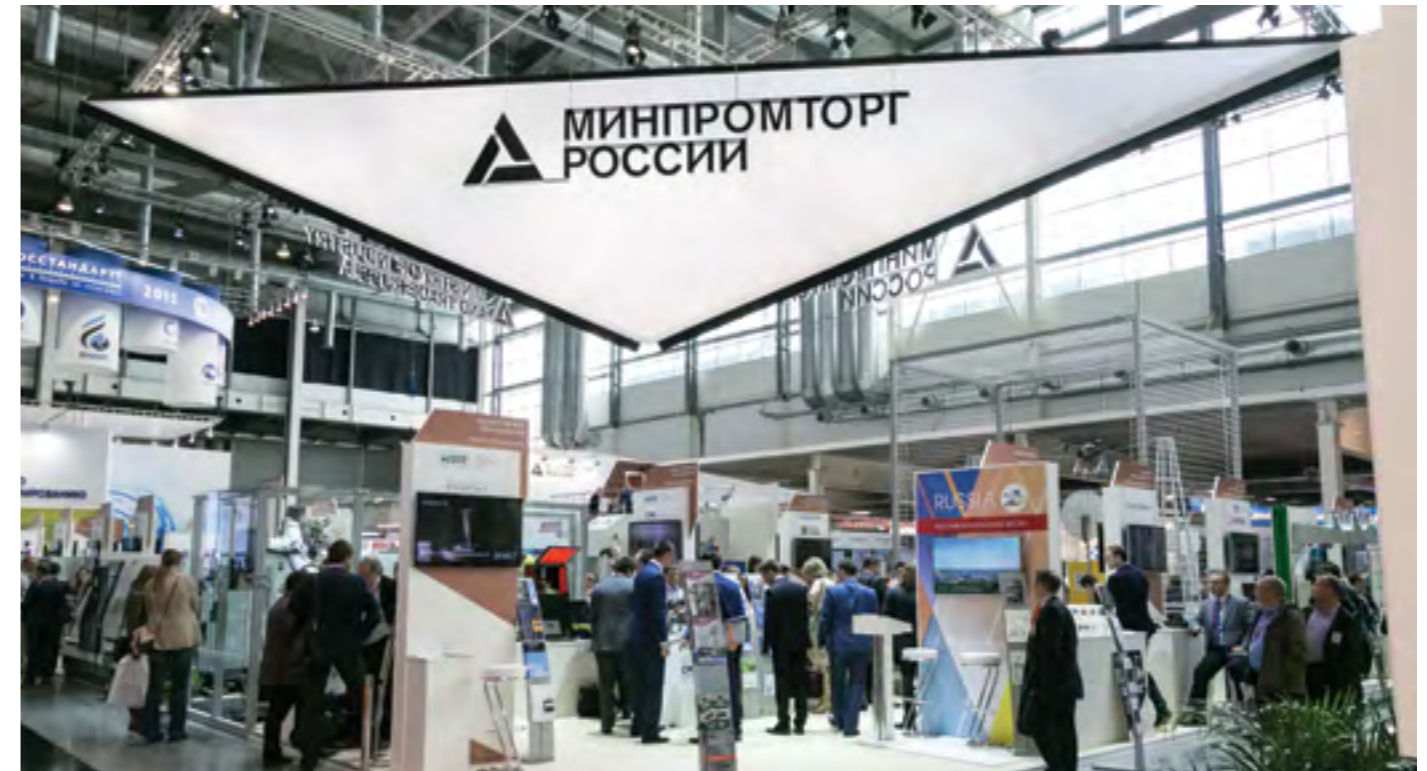

- Meetings of the councils under the Ministry of industry and trade and signing of agreements in the presence of the Minister

Gleb Nikitin, First Deputy Minister of industry and trade of Russia

Georgy Kalamano, Deputy Minister of industry and trade of Russia

GLOBAL INDUSTRIAL
EKATERINBURG

GID

GLOBAL INDUSTRIAL
GID
DESIGN FORUM

INTERNATIONAL FORUM GLOBAL INDUSTRIAL DESIGN

- Russia's main **communication platform** for industrialists and designers
- **World-famous stars** of industrial design
- **Master-classes and workshops** by leading international design schools
