IT ALL STARTS WITH A STRATEGY

InnoTrans stands at the forefront of the industry with its status as trade show, convention and rail track exhibition. The numerous global innovations and invaluable international cooperation set the wheels in motion for the global rail industry. This is reflected by the continuous increase in visitor numbers as well as the increase in exhibition space. We welcome you to InnoTrans – Berlin – September 2016.

Outdoor Display

THE STAGE IS SET

New ideas and technologies are displayed to their fullest potential. A 3,500m track system for railbound vehicles can be found just outside the exhibition halls. Exhibits include railbound vehicles such as locomotives, freight vehicles and local & regional transport systems.

NEW DIMENSIONS: THE DIRECT APPROACH

Tunnel construction is a big challenge, but also a fascinating one. Innovation for materials, machines and optimised technologies are in demand for this sector. Equally as important are engineering services for tunnel construction and tunnel maintenance in order to gain an insight into tomorrow's world.

MEET THE SUCCESS

SPEAKERS' CORNER – AN EXCLUSIVE HOUR

InnoTrans exhibitors are given 60 minutes to present innovations, industry insights, company news and their products. The format and content of the individual presentations are created by the exhibitors.

CAREER & EDUCATION – CAREERS, EDUCATION AND SCIENCE

Always one step ahead. We offer a platform for students and trainees who want to take the first steps towards a career in the railway sector.

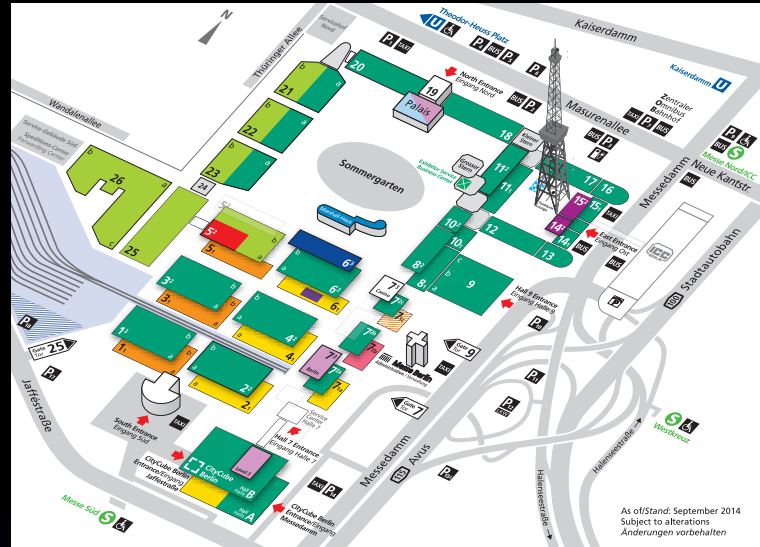

CONFERENCE CORNER – MORE SPACE FOR INFORMATION

To meet the increasing demand of speaking opportunities, the new conference format enables to organise presentations independently beginning on the last day of the trade fair. The first event taking place is MAGLEV 2016.

ONE CITY – ENDLESS OPPORTUNITIES

Unwind after a successful day at the trade show. Berlin offers a vast choice of restaurants, pubs and cultural events. No other city is as diverse. We look forward to seeing you in Berlin.
