Aluminium Recycling
Automation of Casting Process
Melting Practices and Metal Treatment
Post Casting Operations
Heat Treatment Specialists
Instrumentation and Control
Software Systems Integration/Rapid Prototyping
Die Casting Machinery Manufacturers
Die Manufacturers
Machine Tools
Government Bodies and Associations
Environmental Regulations
Health and Safety
Human Resource Management

"The overall impression on ALUCAST 2014 participation is very positive. It was professionally managed on all fronts starting from promotion of the exhibition, Registration online as well as at the venue; Quality visitors visited the Exhibition and Technical Conference. It was a great platform & opportunity to network, communicate, exchange ideas, showcase our latest products and technology in Die Casting field to our existing and potential customers."

Trade Associations

WHY VISIT?

India's biggest platform to network with industry professionals.

Witness a comprehensive spectrum of products.

Enhance your knowledge on the latest trends and technologies in the die casting industry.

Interactive and knowledge driven conference to update you with new strategies for successful business.

See you at ALUCAST 2016!

MAKE IN INDIA

India is the Seventh-largest producer of Automobiles in the world with an average annual production of 17.5 Million vehicles. By 2015, India is expected to be the fourth largest automotive market by volume in the world. Global car majors have been ramping up investments in India to cater to growing domestic demand. These manufacturers plan to leverage India's competitive advantage to set up export-oriented production hubs. Over the next 20 years, India will be a part of the big global automotive triumvirate.

Growth in demand for automobiles- augurs well for the die casting fraternity. 60% of the Aluminium castings produced are provided to automotive industry.

ALUCAST is the ideal platform for reaching your major target groups - Automotive manufacturers, automotive component suppliers, machinery and plant manufacturers as well as production specialists, developers and buyers .

"Our journey with ALUCAST started from 2006. Every year we have seen a tremendous growth in the organization of the event. It is one of the most focused event for the die-casting industry."
